

Helping clients focus on their passion, not their books.

Dionne Smith
Owner, Accountex Inc.
Certified QuickBooks® Online ProAdvisor
Jacksonville, FL

“By working online, I can provide more services to more clients and still keep the standard that my clients deserve. I make accounting easy for them.”

End paperwork pain

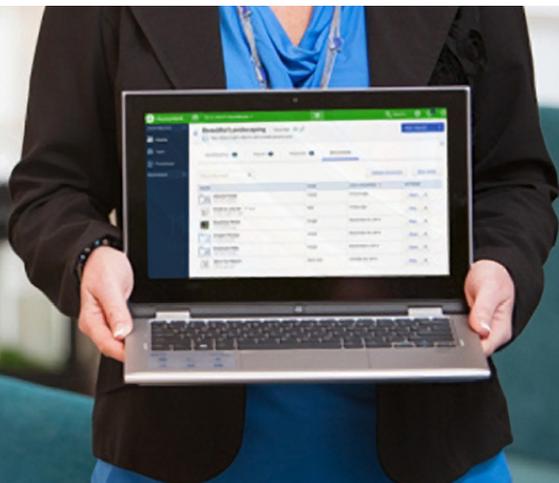

Dionne knows that her clients went into business to pursue their dreams, not work with numbers. That's why they count on her.

She helps her clients spend less time on their books so they can get back to the work they love. To do that, she takes advantage of QuickBooks Online Accountant, which provides the tools and the connectivity she needs to offer outstanding support.

Escape email oblivion with the Document Center

What she loves most about working online, says Dionne, is having central access to the documents she needs.

Many of her clients are small, two-person operations, and getting the right documents from them used to require multiple emails and phone calls. Now she simply sends them a link they can use to upload their documents directly, without any hassle.

“With the Document Center, everything's in one place. That's a big deal. I can't tell you how many times I've wound up in email oblivion before the Document Center came around. It's definitely a game-changer.”
