

Individual (1040) Converted Items

Items to Note:

The 2012 converted client file is not intended to duplicate or reproduce your 2012 return. The information converted is captured in a way that converts to 2013 correctly once the file has been Proforma'd.

This list provides details about how Lacerte converts the following 1040 calculated carryovers and any steps that you may need to take.

- Preparer Number – (Screen 1) Enter the Preparer Number on Screen 1, Client Information.
- Business Use of Home / Home Office – (Screen 22) The Lacerte conversion program converts the information entered on the Asset screen for Home Office assets, and puts it on Screen 29, Business Use of Home. Assets containing Home Office information will have a "Form" (Screen 22, Depreciation, code 18) set to "Form 8829." Verify that the "No. of Form" (Screen 22, code 19) is set to the correct item on Screen 29. Carryovers will be brought from Form 8829 to the "Business Use of Home" screen, but are total carryover amounts and may need to be split between separate units.
- Installment Sales – (Screen 17) Principal payments (current and prior) are included in "Prior Years' Payments" (Screen 17, code 37) for all installment sales.

Note: Enter state amounts only if the state amounts are different from federal.

- Vehicles – (Screen 22 & Screen 30) Change "Form" (Screen 22, Depr., code 18) to 5=Form 2106 (auto). Change the "No. of Form" (Screen 22, code 19) to the vehicle's prefix number on Screen 30, Vehicle/Employee Business Expense (2106).
- Adjustments to Income – (Screen 24) The Lacerte conversion program converts every "force percentage" entered in UltraTax. Therefore, if more than one percentage is entered for any Keough/SEP/SIMPLE percentage, Lacerte's "Keough, SEP: Contribution Rate [O]" input fields (Screen 24, codes 501 and 551) use the total of all percentages. You must manually adjust the corresponding amounts.
- Earned Income Adjustments – (Screen 24) Every adjustment to earned income entered in UltraTax will be converted. Therefore, if more than one adjustment is entered for a specific Keough/SEP/SIMPLE activity, Lacerte's "Keough, SEP: Net Earnings [A]" input fields (Screen 24, codes 15 and 65) use the total of all adjustments. You may need to manually adjust the corresponding amounts.
- Itemized Deductions – (Screen 25) Points not reported on Form 1098 is handled differently in UltraTax and Lacerte. The Total Points amount will be converted to be itemized. If you need to amortize the Points over the life of the loan, please input Points in the Depreciation Screen 22.
- Like-Kind Exchange Assets – (Screen 22) Assets received from a like kind exchange will not convert properly. They will convert over as empty assets and will need to be manually entered into the program.
- Foreign tax credit carryovers (current year) – (Screen 35.2) Current Year FTC Carryover amount will convert over as 1999 carryover in the 2012 program. Do not adjust this entry, as it will correctly transfer over into the correct year once the return is Proforma'd to 2013.

Lacerte does *not* convert the following:

- State amounts – only Federal information is converted.
- Interest Income: We do not convert interest items that are an adjustment to an interest item such as nominee or accrued interest. You will need to manually enter these items.

List of Converted Items: UltraTax CS to Lacerte

- Oil & Gas properties

 - Assets listed under Non-Calc menu item

S-Corporation (1120S) Converted Items

Items to Note:

State information is not converted to Lacerte, only the Federal amounts and descriptions will be brought over into Lacerte.

This list provides details about how Lacerte converts the following 1120S calculated carryovers.

- **Preparer Number** – (Screen 1) Enter the Preparer(s) in User Options, and then select the appropriate Preparer Number on Screen 1, Client Information.
- **Shareholder Address** – (Screen 2) Lacerte converts only the first line of each shareholder's address on Screen 2, Shareholder Information. Verify that the address is correct.
- **Farm Rentals (Form 4835)** – (Screen 18) Lacerte converted this information to Screen 18, Farm Income/Expenses (Schedule F). Review and adjust if necessary.
- **Installment Sales** – (Screen 23) Principal payments (current and prior) are included in "Prior Years' Payments," (Screen 23, page 2, code 37) for all installment sales.

Note: The installment sale section has a category for State Prior Year Installment Sales - Gross Profit Ratio and Ordinary Income. Enter state amounts only if the state amounts are different from federal.

REVIEW: We also recommend that you review and update the following items after your conversion:

- Carryovers, such as credit carryovers and NOLs
- State information, including multi-state depreciation
- Beginning balance sheet information
- Shareholder Stock & Debt Analysis, Accumulated Adjustment Account, Other Adjustment Account

The following items do *not* convert to Lacerte:

- **Rent and Royalty Properties** – (Screen 19) Lacerte supports oil and gas calculations. However, the UltraTax input method does not provide enough detail for an accurate conversion.
- **Depreciation** – (Screen 16) Lacerte does not convert the following:
 - Other column for depreciation
 - Basis reductions for other credits
 - Depreciation method for assets using "sum of the years digits" or memo.
 - Assets listed under Non-Calc menu item.
 - Units of production (total units or current year units).
 - Cents reporting; Lacerte rounds these amounts to nearest dollar.
 - Also, Lacerte only converts the "Category" (Screen 16, code 1) of 8=Amortization. Adjust if necessary.
- **Unrecaptured Section 1250 Gain** – (Screen 23) Lacerte did not convert unrecaptured section 1250 gain information for installment sales. Manually enter this information on Screen 23, page 2.

Partnership (1065) Converted Items

Items to Note

State information does not convert to Lacerte. Only the federal amounts and descriptions will be brought into Lacerte.

This list provides details about how Lacerte converts the following 1065 calculated carryovers.

- **Preparer Number** - Enter the Preparer Number on Screen 1, Client Information.
- **Number of Partners** - A maximum of 300 partners are converted.
- **Partner Information** - Lacerte only converts the first line of each partner's address on Screen 2, Partner Information. Verify that the address is correct.
- **Depreciation** - Lacerte does not convert the following:
 - Other column for depreciation.
 - Basis reductions for other credits.
 - Depreciation method for assets using "sum of the years digits" or memo.
 - Assets listed under Non-Calc menu item.
 - Units of production (total units or current year units).
 - Cents reporting; Lacerte rounds these amounts to nearest dollar.

Also, Lacerte only converts the "Category" (Screen 14, code 1) of 8=Amortization. Adjust if necessary.

- **Rent and Royalty Properties** - Lacerte does not convert properties designated as royalty activities. Lacerte supports oil and gas calculations. However, the UltraTax input method does not provide enough detail for an accurate conversion.
- **Rental Real Estate Activities (8825) and Other Rental Activities (Sch. K)** - Lacerte converts the first two lines of the Kind/Location of each property. Verify that the "Kind of Property" (Screen 17 and Screen 18, code 800) and "Location of Property" (Screen 17 and Screen 18, code 801) information is correct.
- **Installment Sales** - Principal payments (current and prior) are included in "Prior Years' Payments," (Screen 19, page 2, code 37) for all installment sales.

Note: The installment sale section has a category for State Prior Year Installment Sales - Gross Profit Ratio and Ordinary Income. Enter state amounts only if the state amounts are different from federal.
- **Dispositions** - Manually enter "Ordinary Income" (Screen 19, page 2, code 38). Lacerte did not convert unrecaptured section 1250 gain information for installment sales. Manually enter this information on Screen 19, page 2.
- **Schedule K-1** - The ending capital for each partner is converted to beginning capital in the 2009 Lacerte Tax program. The 2010 Lacerte Proforma Wizard transfers this amount to beginning capital in 2010 Lacerte.
- **Carryovers** - The Lacerte Proforma Wizard transfers all items in the conversion process except for a few state if different categories. Please refer to the following carryover list for more detail
