Items to Note

This list provides details about how Lacerte converts the following 1120S calculated carryovers. The 2013 converted client file is not intended to duplicate or reproduce your 2013 return. The information converted is captured in a way that converts to 2014 correctly once the file has been Proforma'd.

General Limitations:

- Generally, lines that are overridden in TaxWise will not convert.
- On Address Fields that are not broken down by separate fields (i.e. address, city, state, and zip), any multi word city names will only convert the last word to the city field, and the beginning words will be in the address field.
 - Example: 8825 Property Locations, if address is input as "123 Address Fort Worth TX 75141", in Lacerte "123 Address Fort" will be in the address field, and "Worth" will be in the City field

Specific Form Conversion Limitations:

- 1120S Page 2, Schedule B: The entity's Accounting Method, Business Activity and Product or Service do not convert and must be manually entered.
- Schedule K1: Shareholder's Percentage of stock ownership for tax year does not convert and must be manually entered.
