

How to Purchase eSignatures in Lacerte

Before you can send a request for eSignature to a client, you must have eSignatures in your bank. To purchase eSignatures and add them to your bank, take the following steps.

- Click on the eSignature Dashboard tab in Lacerte, and then select **Purchase eSignatures** from the left navigation bar. You will see three purchase options (a la carte, unlimited, and pay-asyou-go). Choose a purchase option and click **Continue**.
- 2. Enter the number of eSignatures you would like to purchase, and click **Continue**.
- 3. On the Payment Info screen, enter your card information, and click **Continue**.
- 4. Next, preview and confirm your order.
- 5. You are now ready to use these eSignatures.
