Items to Note

This list provides details about how Intuit Tax Online converts the following 1040 calculated carryovers.

- **Preparer Number** - The preparer number has been converted from ProSystem fx. Therefore, preparer names should be set up with the same number in Intuit Tax Online.
- **Number of Assets** - The conversion program converts a maximum of 2500 assets.
- **Date of Birth** - Verify date of birth in Client Information and Dependents, and adjust if necessary.

Note: The installment sale section has a category for State Prior year installment sales - Gross Profit Ratio and Ordinary Income. Enter state amounts only if the state amounts are different than federal.

- **Depreciation** - In the 2007 program, AMT prior depreciation should be reduced by Section 179 and any special depreciation taken in 2006. State depreciation entries should be reviewed and adjusted as necessary.
- **Vehicles** - Intuit Tax Online converts only the first two vehicles entered per entity to Intuit Tax Online Screen 30 from ProSystem fx Sheet A-8.
- **Parent's Election to Report Child's Income** - Intuit Tax Online converts the child's name and social security number to Intuit Tax Online Screen 44 only if they are entered on ProSystem fx Sheet T-7.
- **General Business and Passive Activity Credits** - The Form and Prefix Number can not be converted. You must adjust detail in "Form" and "Number of Form" (Intuit Tax Online Screen 34, codes 1 and 2).

Note: We also recommend that you review and update the following items after your conversion:

- Carryovers, such as credit carryovers and NOLs
- State information, including multi-state depreciation
- Prior year summary (review in 2007 program only)
- Any hurricane-related issues that overlap years, such as pension withdrawals
- Foreign tax credit carryovers.

- **Number of Assets** - The conversion program converts a maximum of 2500 assets.
- **Depreciation** - In the 2007 program, AMT prior depreciation should be reduced by Section 179 and any special depreciation taken in 2006. State depreciation entries should be reviewed and adjusted as necessary.

1. Enter the Intuit Tax Online client number the conversion program assigned to the parent company in the consolidated return in "Client Number" (Screen 3.1 p2, Affiliations Schedule, code 820). The Intuit Tax Online program automatically enters the name, street address, city, state, ZIP code, EIN, principal business activity, business code number, and beginning/ending fiscal year dates for the parent company.
2. Refer to the "Subsidiaries Only" section of each Screen 3.1 p2, Affiliations Schedule to determine the Intuit Tax Online client number applicable to the information for each subsidiary company. Note the client number that links the correct information needed to complete Form 851 for each subsidiary.
3. Enter the Intuit Tax Online client number the conversion program assigned to each subsidiary company included in the consolidated return in

List of Converted Items: ProSystem fx to Intuit Tax Online

"Client number" (Screen 3.1 p2, code 820). The Intuit Tax Online program automatically enters the name, street address, city, state, ZIP code, EIN, principal business activity, business code number, and beginning/ending fiscal year dates for each company.

This list provides details about how Intuit Tax Online converts the following 1120S calculated carryovers.

- **Preparer Number** - The preparer number has been converted from ProSystem fx. Therefore, preparer names should be set up with the same number in Intuit Tax Online.
- **Number of Assets** - The conversion program converts a maximum of 2500 assets.
- **Depreciation** - In the 2007 program, AMT prior depreciation should be reduced by Section 179 and any special depreciation taken in 2006. State depreciation entries

List of Converted Items: ProSystem fx to Intuit Tax Online

should be reviewed and adjusted as necessary.

- **Section 179 Carryover** - The 2006 conversion program carries the total section 179 carryover to Screen 20, code 120. Review, and adjust if necessary, to break down the total between Oil and Gas and non-Oil and Gas carryover amounts.

Note: The installment sale section has a category for State Prior Year Installment Sales - Gross Profit Ratio and Ordinary Income. Enter state amounts only if the state amounts are different than federal.

Note: The installment sale section has a category for State Prior Year Installment Sales - Gross Profit Ratio and Ordinary Income. Enter state amounts only if the state amounts are different than federal.

- **Depreciation** - In the 2007 program, AMT prior depreciation should be reduced by Section 179 and any special depreciation taken in 2006. State depreciation entries should be reviewed and adjusted as necessary.

Oil & Gas - The conversion program did not convert depletion amounts disallowed because of the 65% limitation. Enter these amounts on Screen 26.1 or 26.2, Oil & Gas.

- **Prior Year Summary** - The conversion program lists all capital gains attributable to charity in "Long-Term Capital Gain Paid to Charity (B-5)" (Screen 52, code 23). You must manually enter any "Short-Term Capital Gain Attributable to Charity" (Screen 52, code 24) and manually adjust code 23.

Fiduciary Items to Note (1041)

Items to Note

This list provides details about how Intuit Tax Online converts the following 1041 calculated carryovers.

- **Preparer Number** - The preparer number has been converted from ProSystem fx. Therefore, preparer names should be set up with the same number in Intuit Tax Online.
- **Beneficiary Information** - The conversion program converts the "City, State, and Zip code" field from ProSystem fx Input Screen K-1 if the state is entered using the two-letter postal abbreviation. If you did not use the two-letter postal abbreviation, review and adjust if necessary.

Note: If the beneficiaries entered in ProSystem fx Input Sheet K-2 are not entered in the same order as those entered in Input Sheet K-1, the fields for "K-1 Transmittal Letter Beneficiary Salutation" and "Export File: K-1 Activity Number" may not convert to the correct beneficiary in Intuit Tax Online. Review and adjust if necessary.

- **Number of Assets** - The conversion program converts a maximum of 2500 assets.
- **Custodial Agency Returns** - Intuit Tax Online does not process custodial agency returns. Therefore, the conversion program did not convert any returns of this type.
