

Service Agreements

Service agreements can be sold or renewed in the field at time of service. Preventative maintenance work orders (PMs) are auto-created and then assigned based on technician location and skills. Prepare and schedule PM visits proactively for optimal efficiency and quicker turn-around so that even slow times are profitable.

Get More Business

SELL: Sell more service agreements

CREATE: Capture and access PM contract terms: equipment info, visitation schedule & pricing - in one system to ensure that the contract is easily fulfilled

RENEW: Alert staff about renewals and analyze revenues through detailed reports without digging through paperwork

PM Scheduling Made Easy

SCHEDULE: PM work orders are auto-created and easy to schedule

ASSIGN: PM requests can be assigned based on skills, location and customer preference

DISTRIBUTE: Set PM visits for slow seasons and more convenient times

Perform PMs Better

PREPARE: Proactively prepare PM visits for efficient dispatch and prompt completion

DO: Provide quality work; do it right and on time

DOCUMENT: Track work and communicate accurately with customers

“It facilitates our entire work order process. Work orders don’t slip through the cracks and my invoicing is very precise. Everything is in real-time, accurate, and the best part – there is NO PAPER.”
