

## CASE STUDY: Best Masonry, Inc.

### Intuit® QuickBooks® Enterprise Solutions Delivers Faster Reporting and Greater Capacity

*“Having powerful software that allows us to track expenses on specific projects is crucial to our business. It has saved us a lot of money throughout the years!”*

*Stephanie Ignas  
Controller  
Best Masonry, Inc.*

#### Customer Profile:

- Masonry contractor specializing in the construction of perimeter block walls, brick and stone veneer installations, and paver installations
- In business since 1979
- Located in Fresno, California
- 43 employees

#### Choosing Enterprise Solutions:

- Using Enterprise Solutions since early 2006
- Previously used QuickBooks Premier: Contractor Edition
- The business outgrew QuickBooks Premier and needed Enterprise Solutions to accommodate additional users and advanced inventory functions
- Switched to Enterprise Solutions because it is simple to use and more importantly, easy to train other users in the company
- Selected Enterprise Solutions over other mid-market applications because the software continues to improve each year with enhanced features

#### Implementing Enterprise Solutions:

- Up and running with Enterprise Solutions in less than a month with few problems along the way
- Understanding the interface and features has been very simple and it makes a difference when more focus can be put on running the business

#### Benefits of Enterprise Solutions:

- Having access to reports in real time ensures that they stay close to budget for ongoing projects
- Wide range of 3rd party solutions that integrate with QuickBooks allows the company to get the most out of their investment
- With Enterprise Solutions they can focus on managing their business and serving customers – without having to worry about the system slowing down or running out of space
