Run Your Business Your Way

7 REASONS

Why QuickBooks Enterprise Solutions is the Right Solution for You
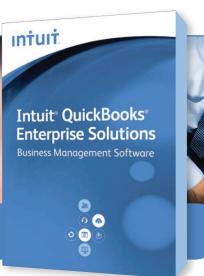

1 **See data the way you want.**

- Gain clear business insights with twice as many custom data fields as in other QuickBooks products—plus the ability to combine reports from multiple company files.[1]
- Handle even the most complex reporting needs by creating custom reports with ODBC-compliant applications. Connect directly to the QuickBooks database for more flexibility in report design.[2]

2 **Stay in control of user access.**

- Safeguard sensitive business data by giving employees access to the specific information they need to do their jobs.
- Set individual user permissions for more than 115 different activities. 13 predefined user roles are included to help you quickly set up new users.

3 **Adapt to the needs of your business.**

- Scale up to 30 simultaneous users.[3]
- Track hundreds of thousands of customers, vendors and inventory items[8] — more than 6 times the capacity of any other QuickBooks product.
- Enjoy the added flexibility of working in two company files at the same time.[4]
- Take advantage of higher list limits which allow you add more Accounts, Classes, Customer and Vendor Types, To Do's, Customer Messages, and much more.

4 **Manage inventory inside QuickBooks.**

- Track more details about your inventory right in QuickBooks with Advanced Inventory — there's no need for separate software.[3]
- Track the value and quantity of inventory across multiple locations.
- Use FIFO costing, serial number or lot tracking — and now scan barcodes and track bin locations all in QuickBooks.[3]

5 **Access data any way, anywhere you want.[5]**

- Unify remote workers and satellite offices with a real-time link to your QuickBooks data with Remote Desktop Services.[5]
- Step up to the security and convenience of a protected environment with QuickBooks Enterprise Hosting Service.[6] We take care of installing, updating and backing up your software, so you don't have to.

6 **Get peace of mind with the Full Service Plan.**

- Let our US-based product specialists help you get the most out of Enterprise Solutions — and tailor its capabilities to meet your needs.
- Enjoy unlimited support calls, complimentary upgrades, online backup, data protection, and training materials — all included with your Full Service Plan membership.[9-12]

7 **Transition seamlessly from other QuickBooks products.**

- Moving up from Pro or Premier is as easy as any other QuickBooks upgrade.
- Enterprise Solutions looks and feels just like the QuickBooks you already know and rely on today.

*QuickBooks Pro 2013 allows up to 3 simultaneous users; QuickBooks Premier 2013 allows up to 5 simultaneous users.

1. Requires Microsoft Excel 2002, 2003, or 2007. Company files must all be on the same version of QuickBooks Enterprise Solutions.

2. ODBC-compliant applications sold separately.

3. Additional fees apply for the Advanced Inventory add-on subscription. Requires QuickBooks Enterprise Solutions 13.0 with an active Full Service Plan and an Internet connection. If the Advanced Inventory add-on subscription lapses, users' data will revert to average cost for all dates. Barcode scanner sold separately.

4. Some functionality may be limited when running two instances. See www.qbes.com/sysreq for more information.

5. Additional fees may apply. Use of QuickBooks Enterprise Solutions with Remote Desktop Services requires certain hardware, Microsoft Server operating systems, Microsoft Windows Server software licenses, and Remote Desktop Services Server Client Access Licenses, which are not included with the QuickBooks Enterprise Solutions product and must be procured separately. For multiple remote users, a Remote Desktop Services Client Access License is required for each user. Access subject to occasional downtime due to systems and server maintenance and events beyond our control.

6. Additional fees apply for the QuickBooks Enterprise Solutions Hosting Service subscription. Hosting Service is available for QuickBooks Enterprise Solutions only and is valid for number of users equal to or less than the number of QuickBooks Enterprise Solutions users assigned to customer's Intuit account. QuickBooks Enterprise Solutions sold separately; a valid QuickBooks Enterprise Solutions license code must be provided to Right Networks. Contact Right Networks to contract third party software. Support for Hosting Service provided by Right Networks. Terms, conditions, pricing, service and support options are subject to change without notice.

7. Requires purchase of additional licenses. All users must be on the same-year version of QuickBooks to access the same company file.

8. Enterprise Solutions allows you to add up to one million names (e.g. customers, vendors, employees) and up to one million items (e.g. inventory, non-inventory, and service items). Some performance degradation is likely as your lists approach these size thresholds.

9. The Full Service Plan (FSP) is good for 12 months from QuickBooks Enterprise Solutions purchase date or Full Service Plan renewal date. You have the option to add QuickBooks Mobile and Intuit Data Protect for free as an active FSP member. Service begins as of the date activated and continues through to the expiration date of your Full Service Plan. QuickBooks support is available 24 hours a day, seven days a week; the Enterprise Solutions team (including our U.S.-based team of product experts) is available weekdays from 4:00 a.m. - 7:00 p.m. Pacific Standard time. Support hours exclude occasional downtime due to system and server maintenance, company events, observed U.S. holidays and events beyond our control. Intuit reserves the right to limit each telephone contact to one hour and to one incident. Active Full Service Plan members receive new version upgrades when and if released within 12 months of QuickBooks Enterprise Solutions purchase date or Full Service Plan renewal date. Terms, conditions, pricing, service offerings, and availability of the Full Service Plan are subject to change at any time without notice. U.S. only.

10. Online access to training is included with each Full Service Plan annual membership.

11. In some cases the damage may be too extensive and the data file may be non-recoverable.

12. Online Backup Service requires Internet access and an active Full Service Plan. Entire PC is limited to 100GB total storage, which includes all 45 days which you have stored. See terms and conditions at qbes.com/terms.
